(54) Title: METHOD AND ASSEMBLY FOR INCREASING HAIR VOLUME

(57) Abstract: Method for increasing hair volume by thickening and/or lengthening and related assembly, allowing the rapid application, even in batches, of hair extensions with connections almost invisible and perfectly incorporated, of very small dimensions and with no manual intervention required, comprising the steps of: providing one or a plurality of hair extensions (C) having respective proximal ends (7) provided with a respective connecting element (9); providing a first adhesive tape (4; 102) and adhering it to the hair (T) to be thickened on an area designed to receive said proximal ends (7); providing a second adhesive tape (3; 104; 204; 304), having an adhesive face (43; 105; 205; 305), and adhering on said adhesive face the proximal ends (7) of said hair extensions (C); adhering said adhesive face (43; 105; 205; 305) to hair to be thickened at said first adhesive tape (4; 102); and activating connection means operating on said connecting elements (9) of the hair extensions (C).
